New Beginnings' **Mission Statement:**

Our mission is to support one another as we empower ourselves to live successfully with mood disorders.

You are not alone...

- A mood disorder is a real health issue. It is not a weakness or character flaw, and we can't just "snap out of it". It takes strength and courage to seek help.
- At a support group, you can share with others who have had similar experiences.
- You are welcome at New Beginnings. We can help one another achieve and maintain wellness.

Group Guidelines:

1. Confidentiality: What is said in group STAYS in group. We respect privacy.
2. Safety: Observe boundaries and respect others with language and actions. See a facilitator if you have any concerns.
3. Medicine & Doctors: We DO NOT prescribe, diagnose, or give advice. Advice only comes from "professional" care givers. We do not name medications.
4. Participation: You have the right to pass. Participation is voluntary.
5. Unrelated Activities: No cell phones, texting, or food during group. Cell phone must be on vibrate.
6. Listening: Listen to others without interrupting. Raise your hand to respond. One person speaks at a time.
7. "I" Statements: Use "I" statements and share from your own positive experiences, insights, and coping skills.
8. Judgment: We do not judge or criticize each other.
9. Sharing: Our time is limited, and we start and stop on time. We need to give equal opportunity, for sharing as well as feedback, to all group members.
10. Accountability: We are responsible for ourselves, our actions, and our wellness.

More About Us:

- We strive to successfully manage our disorders and live well.
- We share positive support, encouragement, and coping strategies in a safe, confidential environment.
- All meetings are free.
- All meetings start and end on time.
- Everyone present must be at least 19 years old.
- All participation is voluntary.
- We offer peer support, not therapy or education.
- The facilitators are peers from the group.
- We are not professionals, nor is our group a substitute for professional treatment.
- We maintain a positive environment. We want to feel better when we leave group than we did when we arrived!
